COOLING SYSTEMS

ABOUT US

Since 1927, NRF has been a leading manufacturer and supplier of cooling products for the automotive, industrial, railway, and marine markets. NRF is renowned for the production of high-quality radiators, but it also manufactures and supplies a wide range of engine cooling and air conditioning products.

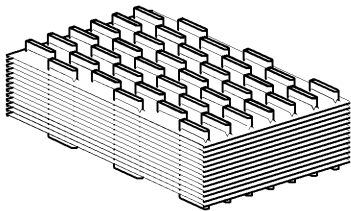

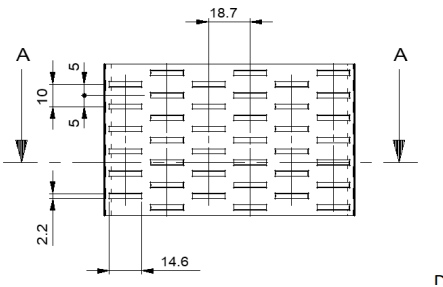

NRF has a portfolio of over 10,000 products, which is continuously expanding. Over the last 4 years, NRF has doubled its aftermarket volume. To facilitate this growth, NRF is consistently expanding its storage capabilities and investing in the supply chain.
